

SPIRITUALITY

at Newland St John's CE Primary School

What spiritual development means to our school community.

Spirituality is a growing understanding of...

Self

Being a unique person, understanding self-perception and our responses to it.

Others

How empathy, concern, compassion and other values and principles affect relationships and our role as citizens of our community and our world.

World and beauty

How we perceive and relate to the physical and creative world through responses to nature and art.

Beyond

How we relate to the 'unanswerable questions' / the transcendental.

How we consider our responses to experiences that might be 'outside' of those that are 'everyday'.
